PLEASE NOTE:

The Callide Dawson Machinery Preservation Club Inc. have included a special feature for this year's Old Wheels In Motion Rally . . . "HERITAGE FARMING PRACTICES".

In doing so, we hope to celebrate the way things were done in days gone by. So we encourage you to consider bringing an exhibit/display that depicts how things were . . . dress up your truck to show what it was used for (cream deliveries, transportation of grains/farm animals, etc.), team your tractors with implements, use stationary engines to power shearing plants/grain grinders, etc. or team your heavy horses with implements, carts/wagons. Static displays of implements and tools will also add to the overall feature of this year's event. So, come on, put your thinking caps on and surprise us with your ingenuity.

P.S.: Prizes will be awarded for the Best Static Display and the Best Mobile Display.
